

AirVenture 2025 Forum - Suspected Unapproved Parts

This session will examine the current landscape regarding Suspected Unapproved Parts (SUPS). Many in our industry appear to think these issues have gone away, but this is not the case! We'll review domestic and international reports, stats, and analysis. Our goal is refresh our awareness and reporting expertise.

AMT credit available!

To receive AMT credit fill out attendance sheet available at the Forum entrance.

The FAA Safety Center is centrally located on the EAA AirVenture grounds on the South side of the control tower. We are the large tan building with the rooftop deck facing the runway. Forums entrance is on the west side of the building.

A message from the National FAASTeam Manager
