

AirVenture 2025 Forum - Just Because Its Legal Doesnt Mean Its Smart

We can't legislate good judgment! While there are plenty of things that may be legal, let's take a pause at some areas where pilots find themselves in trouble. Some of these include flying new types of aircraft, flying with inoperative equipment, and flying in weather that may be beyond the comfort and skill level of the pilot.

WINGS credit available!

To receive WINGS credit fill out attendance sheet available at the Forum entrance.

The FAA Safety Center is centrally located on the EAA AirVenture grounds on the South side of the control tower. We are the large tan building with the rooftop deck facing the runway. Forums entrance is on the west side of the building.
