

AirVenture 2026 Forum - Whats in the Bag? Could it be Dangerous Goods?

We carry common dangerous goods around with us every day. Think about the lithium batteries in your cell phone, laptop, iPad, or GPS. Did you bring aerosol bug spray or sunscreen? Are you carrying dry ice, aircraft batteries, a fire extinguisher, or ballistic recovery equipment, on your aircraft? This session will introduce you to these dangerous goods and many more, the proper way to pack and transport them, what risks they pose to aircraft, what steps you can take if you experience a dangerous goods incident (such as a lithium battery experiencing thermal runaway) in flight, examples of past incidents and accidents caused by dangerous goods on aircraft, what the FAA's role is with dangerous goods, and where you can find resources for more information.

WINGS credit available!

To receive WINGS credit fill out attendance sheet available at the Forum entrance.

Event Details

Wed, Jul 22, 2026 at 16:00 CDT

**FAA Safety Center/EAA
AirVenture**

3110 Knapp Street
Oshkosh, WI

**Contact: Jay M Flowers
