

AirVenture 2026 Forum - Fundamental Electrical Systems

A comprehensive look at the alternator and starter systems used on today's GA fleet. Historical and modern, lightweight versus heavyweight and the good and the bad are all discussed. Troubleshooting, maintenance and installation tips to help secure a long, serviceable life for your electrical system components. Great for the certificated aircraft owner or a new experimental builder, this presentation will "generate" your interest in aircraft electrical systems.

WINGS credit available!

To receive WINGS credit fill out attendance sheet available at the Forum entrance.

The FAA Safety Center is centrally located on the EAA AirVenture grounds on the South side of the control tower. We are the large tan building with the rooftop deck facing the runway. Forums entrance is on the west side of the building.

A message from the National FAASafety Team Manager
