

Lessons Learned from Maintenance-Related Helicopter Accidents

This dynamic 60-minute session will present an overview of several fatal helicopter accidents from diverse operations. A review of these investigations reveals a handful of common hazards that could have been avoided with a modicum of risk mitigation. Key lessons will be presented to enhance safety. The objective of this session will be for the audience to understand the hidden, yet common hazards that frequently lead to helicopter accidents, and what can be done to eliminate or mitigate these hazards.

Room B403 of the Georgia World Congress Center in Atlanta, GA
