

## IMC Club Meeting - Mastering the Art of Instrument Navigation

EAA/IMC Club, through the EAA's global Chapter structure, provides organized "hangar flying" focused on building instrument flying knowledge and skills. The program's network promotes a safety culture through continued education and believes that we develop safety and proficiency through education and real-life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips. Through the FAA Safety Program, aviation professionals provide informative WINGS presentations. You do not have to be an instrument-rated pilot to attend.

Membership in the EAA is encouraged but not required to participate in this meeting. For more information and to take part in this event, click the link below and register TODAY!

Conference room #308, third floor

### Event Details

**Thu, Nov 21, 2019 at 18:30 EST**
