

CFI/DPE Forum

Professionalism is the behavior, competence, and skill expected of professionals. For CFIs, this translates to the competencies and skills necessary to ply our trade and how we're going to act while we're doing it. At this event, we will discuss the CFI profession, what it means to be a professional, and how you can apply professionalism to improve aviation safety.

Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Join your flight instructor colleagues and take an active role in improving safety in flight training! Click on the link below and register TODAY!

The Snow Removal Equipment (SRE) is at the entrance to the main parking lot for the Terminal Building. There is a small meeting room available from the parking lot.

There are multiple ways to the airport from I-95, Route 140 and I-495, each dependent upon your direction of travel. Please use a GPS
