

Proficiency Matters 2

Preparation is the key to success in any endeavor! At this seminar we will discuss a snap decision to abort a take off that was headed for the trees. We will examine initial training, preparation, along with recurrent training and proficiency that made the difference to the pilot who escaped unscratched after a short field take off did not go as planned. Attend this seminar and discuss what decisions you would have made if it had been you!

Directions: From RT-24, south of I-495, take exit 13A on to RT-44 East. After 0.2 miles take a right on to Orchard St. that continues on to S St E. After about 1.5 miles, turn left on to Middleboro Ave. After 0.7 miles turn right on to Westcoat Dr.
