

Piper Wing Spars

Roy Williams, an Inspection Authorization (IA) holder and the proprietor of Airframe Components in Kendallville, IN, is set to deliver an insightful presentation on the airworthiness directives and repair techniques specific to Piper wing spars. With years of expertise in aircraft maintenance and a deep understanding of regulatory compliance, Roy will delve into the intricacies of maintaining Piper aircraft, addressing common issues and solutions related to wing spar integrity. *See Additional Information for more details.*

This is a one-hour seminar.

Those flying in may park south of the terminal building; linemen will assist with parking aircraft. Those driving in should park in the west lot opposite the terminal building.

The events will be held in the south classroom on the second floor of the terminal building.
