

Topic of the Month - Pilot Proficiency and WINGS

Teaching Points: WINGS is FAA's Pilot Proficiency Program. WINGS is most beneficial if training is not done all at once but rather spaced out throughout the year. The WINGS Topic of the Quarter is an easy way to pursue regular proficiency training. Completion of any phase of WINGS satisfies the 14 CFR 61.56 requirements for Flight Reviews. A cadre of WINGS Pros is available to assist Flight Instructors and pilots with WINGS.

Directions: Lane Aviation is located on the right side as you drive toward the terminal on International Gateway. Turn right into Lane Aviation entrance, bear to right of flag pole, enter building with maroon awning (4387) over the door, walk up the stairs to second floor, room on the left.

A message from the National FAASafetyTeam Manager

Earn your WINGS to get a chance to win a cash prize. Go to
