

Milwaukee FSDO presents:

Maintenance - Who Cares?

If you fly aircraft this is a must for everyone. Hear from aircraft mechanic and pilot Kimberly Galuska and FAASafety Team Program Manager Jurg Grossenbacher about maintenance issues that affect both pilots and mechanics.

We will discuss an aircraft incident that revealed many of the issues that plague our general aviation fleet. We will discuss operator/owner responsibilities as well as what maintenance functions a pilot can perform themselves with the proper training. We will discuss advanced preflight inspection, service letters and ADs, proper communication and professionalism. Earn your WINGS credit by attending this interactive seminar

Directions: Please meet at Main Terminal Building FBO located at 725 Woods Place, Wausau, WI.

A message from the National FAASafety Team Manager

Earn your WINGS to get a chance to win a cash prize. Go to www.mywingsinitiative.org for more info.
