

EAA Chapter 18 Monthly VMC IMC Club Meeting

VMC Question of the Month: Consider the yellow tinted areas on a sectional chart. If you are flying outside a yellow area, is that considered flying over a sparsely populated area with regards to minimum safe flight altitudes (FAR 91.119)?

IMC Question of the Month: You're flying a light twin-engine airplane with an inoperative right engine, and are planning to land runway 22 with a right crosswind for landing. All other factors being equal, which direction would be preferred for the traffic pattern – left or right? Why?

The EAA VMC and IMC Club provides a "hangar flying" experience organized around instrument flight, in order to promote safety, education, and proficiency.

Event Details

Tue, Feb 10, 2026 at 19:00 CST
Timmerman Airport Civil Air
Patrol Hangar
9305 West Appleton Ave
Milwaukee, WI

Contact: Timothy G. Meyer

Select #: GL13141170

**Lead Representative Timothy G.
Meyer n/a**

Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules and procedures, and member experiences. We also have occasional guest speakers.

Bring your EFB, your experience, and your questions, and be ready to participate.

We will be meeting in the Civil Air Patrol hangar as shown in the image below. Enter Gate 2 after parking.
