

Monthly Safety Meeting Gatorland Aviators

Whether you fly into KGNV every week or occasionally visit the airport, this is a unique opportunity to hear directly from airport leadership, gain insight into upcoming changes, and ask questions about the future of your home airport. Join us as **Paul Mehrlich, Chief Executive Officer** of the Gainesville–Alachua County Regional Airport Authority, provides a behind-the-scenes look at the future of Gainesville Regional Airport and the projects that will directly impact local pilots.

This presentation will cover the next steps in the Airport Master Planning process, the planning and operational considerations of converting an existing runway into a legacy runway, and major upcoming airside and landside capital improvement projects—including a new General Aviation terminal and primary runway reconstruction.
