

South Floridas Important Monthly Topics

In this seminar:

1. General Aviation Operations Over Water - Planning and knowledge of over-water Pre- and In-flight processes and procedures can reduce the frequency of water landings (ditching) and the severity of consequence should a pilot be forced to ditch.
2. Approval for Return to Service - Explains the importance of proper Return to Service determination and documentation.

From I95 take the exit for W. Cypress Creek Rd. Head west to NW 21st Ave. Turn left onto 21st Ave and go straight to the Fort Lauderdale Executive (FXE) Airport parking lot. The seminar is being held in the conference room of the FXE Airport Administration Building. If you drive, there is ample parking.

A message from the National FAASTeam Manager
