## n/a presents:

## **Garmin IFR Pro-Tips**

There are 5 really important things that **good** pilots, students and, instructors don't do, misunderstand or use incorrectly on Garmin's stand-alone navigators. You will leave knowing the 5 critical safety things you need to do about: Database updating, Pre-Flight Requirements, Planning for GPS Failures, Visual approaches, Vectors-To-Final.

This is a free live class (NOT ONLINE) included with admission to ABS Convention & Trade Show 2025. For info on purchasing tickets that support the non-profit ABS, please visit:
